## Security Council Accepts Hyderabad's Plea For Aid

### State Asks For Quick Action On Indian Invasion

Paris, Sept. 16.—(AP)—The United Nations Security Council voted 8 to 0 today to take up Hyderabad's appeal for help against India's invasion.

Then the council recessed until Monday while Indian troops closed in on the military center of Secunderabad, a major objective.

Both Hyderabad and India were heard briefly by the council after a tangled debate on whether to take up the question at all.

**Appeal For Quick Action**  
The Hyderabad delegation headed by Foreign Minister Nawab Moin Nawaz Jung appealed for "action swift and determined."

In answer India's Sir Ramaswami Mudaliar told the council that Hyderabad was not a sovereign nation and for that reason the security council had no right to intervene. Earlier, he had told newsmen the clash was a domestic question, not an international war.

The Nawab asked the council to stop the war at once and end this "premeditated aggression."

Nothing in the relations of the two territories, he said, gave India "the right to send troops into Hyderabad to preserve order." He said India had violated a standstill agreement as a "scrap of paper."

**Will Cooperate With India**  
If the council would require India to get out of Hyderabad, he said his country would agree to "closely integrated cooperation with India."

He added: "We are prepared to give these words full meaning and validity." Mudaliar, after a brief presentation of India's case, asked for a recess until Monday to present documents to prove that "Hyderabad was not a state, was not independent and had no chance ever of becoming independent."

Earlier the Chinese member of the council, Dr. T. F. Tsiang, had moved for the same recess because he has had no instructions from his foreign minister who was enroute to Paris for the U.N. assembly opening Tuesday.

## Douglas States Brooks Is Tool Of Monopolists

Galesburg, Ill., Sept. 16.—(AP)—The Democratic nominee for senator, Paul H. Douglas, said tonight that his Nov. 2 election opponent, Republican Senator C. Wayland Brooks, has been "a willing tool of the monopolists."

In a speech prepared for delivery during a Democratic campaign caravan at Galesburg, Douglas said: "Smash and grab monopolists used the 80th Congress to protect them from the shock of a depression at the expense of wage earners and consumers."

"Monopolists never suffer in depressions. And the whole pattern of legislation enacted in the 80th Congress, in which Senator Brooks played a leading part, was to see to it that the monopolists would not suffer."

"It's little wonder that he refused to debate me on issues of this campaign. He has too much to conceal."

## Francis Hitchcock And Bride Re-Wed In Church Rites

Daytona Beach, Fla., Sept. 16.—(AP)—Socialite Francis Hitchcock and his blonde bride from the Pennsylvania coal fields tonight embarked on a honeymoon blessed by the Greek Orthodox Catholic church.

Tall Stephany Saja, 23, clad in slacks and a print blouse, eloped with the polo-playing Hitchcock last night. They were wed in the tiny town of Folkston — the "Gretna Green" of Georgia.

Still dodging newsmen, they returned here today and were re-wed with solemn rites of the Orthodox church at the ultra-exclusive Kentucky-Florida Sportsmen's club near Deland.

Today's ceremony was in sharp contrast to the simple rites last night in the living room of County Judge A. S. McQueen at Folkston. The rites were performed before the club fireplace by Father Demosthenes J. Mekras, Greek Orthodox minister of Miami. The scene was framed with white flowers and green ferns.

### VISITING PARENTS

Mr. and Mrs. James T. Boston, have returned to Denver, Colorado, where Mr. Boston is attending college, after a two weeks vacation with their parents, Mr. and Mrs. Gust Bergquist, and Mr. and Mrs. Floyd Boston. Mrs. Boston before her marriage was Jeanne Bergquist.

## President Leaves Today For Campaign Swing West

By the Associated Press

The presidential campaign warms up in the earnest this week end. All four members of the Truman-Barkley and Dewey-Warren teams will take to the stump.

President Truman will leave Washington today (Friday) for a 16-day campaign tour that will take him to the west coast and back. His Democratic running mate, Senator Barkley of Kentucky, returned to the U.S. from Rome yesterday and promptly announced a 15-speech, eight-state tour of the east and a stop in North Carolina.

Gov. Thomas E. Dewey of New York, the Republican presidential nominee, devoted some thought to farm problems before taking off himself, for major addresses in the west. He called in Rep. Hope (R-Kans.) and Senator Aiken (R-Vt.), chairman and acting chairman, respectively, of the House and Senate agriculture committees, for discussion. Also he will talk tomorrow at Pawling, N.Y., with a group of farm editors.

Gov. Dewey will speak at Des Moines, Iowa, Monday in the formal opening of his campaign. The address is to be general, but the farm locale of the gathering is expected to bring out some stress on agricultural problems.

Iowans will get a prior chance to hear Mr. Truman. The President will deliver what is described as a major speech of his tour Saturday at Dexter Iowa.

Gov. Earl Warren of California, the Republican vice presidential nominee, traveled eastward on a vote-gathering quest to cover 32 states.

After making the first of a series of key speeches at Salt Lake City last night, he turned to a route taking him through Pueblo, Colo., to Albuquerque, up to Detroit and then eastward.

His Democratic counterpart, Senator Barkley, has a schedule calling for an opener tomorrow before the CIO-United Steelworkers of Pennsylvania at Wilkes-Barre. Other states he will cover in September are Maryland, Delaware, Connecticut, New York, New Jersey, Massachusetts and an appearance at Asheville, N.C., Sept. 27.

**U.S. Blasts Reds In Romania For Ousting Diplomats**

Washington, Sept. 16.—(AP)—The United States today accused Romania's communist government of forcing the recall of four members of the American diplomatic mission in Bucharest last week by charging them falsely with spying.

The four—two officials of the legation and two women clerks—were detained overnight by Romanian secret police in the city of Giurgiu. They were reportedly denied food and water for 16 hours and otherwise treated in a manner which the American government denounced as "intolerable."

The State Department made public notes exchanged on the subject between the American minister in Bucharest, Rudolph E. Schoenfeld, and the Romanian foreign ministry. At the same time the department released a statement which dwelt at length on the methods of the secret police.

The complaint of espionage was based on a charge that the four had made photographs in a forbidden area. Romania demanded that they be withdrawn. The United States complied with the demand but rejected "as contrary to fact" the charge that forbidden pictures were taken.

## Deny Fur, Leather Workers Union Is Dominated By Reds

Washington, Sept. 16.—(AP)—Ben Gold, communist president of the CIO Fur and Leather Workers union, denied today that the union is dominated by the Communist party.

He also told a House labor subcommittee, which is looking into reports of red infiltration into the union, that past violence in the fur industry should be laid directly to employers who, he said, hired gunmen in an effort to break up the union.

Although he himself until recently was a member of the communist party's national executive committee, Gold declared:

"The communist party doesn't dominate and my union is not dominated by any party."

Gold told the committee he has been a member of the Communist party for more than a quarter-century.

Although he protested that the question about his party membership, asked by Rep. Lucas (D-Tex.), infringed his constitutional rights, he shouted:

"My political affiliation is a matter of public knowledge. I have never denied it, and I never will."

## Fair Trade Ruling Will Not Affect Liquor Prices

Chicago, Sept. 16.—(AP)—Counsel for the Illinois Wholesale Liquor Dealers Association said today a circuit judge's ruling on the state Liquor Mandatory Fair Trade Act will not have any effect on retail liquor prices.

Judge Harry M. Fisher ruled against the Illinois Liquor Control Commission in Cook county court yesterday. He held the commission had no right to suspend a distributor's license for quoting prices below the fair trade minimum.

Judge Fisher, in an opinion which accompanied the order, held that the mandatory feature of the state liquor price act makes the whole law unconstitutional.

Samuel L. Golan, general counsel for the wholesale liquor dealers, told a reporter, "Judge Fisher is not the supreme court of Illinois. His decision is not binding."

Philadelphian, Sept. 16.—(AP)—George A. Neill, 22, today was sentenced to death in the electric chair for strangling his 11-year-old niece, Isabelle Mallon.

He was convicted Dec. 13, of persuading Isabelle to accompany him to a lot and then strangling her with his hands when she threatened to tell her parents he had made advances.

**FBI Establishes Identity Of Girl Amnesia Victim**

Indianapolis, Sept. 16.—(AP)—An attractive young woman amnesia victim who has been in General hospital eight days was identified today as a University of Chicago student from New Orleans.

Her identity was established through FBI records as Miss Louise T. Ellison, daughter of Frank E. Ellison of (6845 Colbert street), New Orleans. City police had sent her fingerprints to Washington and the FBI reported they match those filed in 1945 when Miss Ellison applied for a teacher's license in New Orleans.

The young woman had been unable to tell authorities who she is but, police said, she verified her identification when told of the information returned by the FBI.

Indianapolis police notified New Orleans police after the young woman was identified. She still was in the hospital pending word from her family in New Orleans.

**Student, Wife Attacked By Dwarf; Condition Serious**

Chicago, Sept. 16.—(AP)—A hammer-swinging Negro dwarf critically battered a young housewife today and then shot her medical student husband after a vicious hand to hand struggle in a dark apartment.

Furnished with a description of the prowler—a dwarf with a big head police seized Floyd Connors, 21, who is four feet two inches tall and weighs 105 pounds. Police Capt. John Enright said Connors stated orally that he assaulted the couple.

The victims are John Stephenson, 26, a University of Illinois medical student, and his wife, Elizabeth, 21, University of Illinois Research Laboratory worker. Stephenson was shot through the spleen and is in critical condition. His wife suffered a possible skull fracture and is unconscious, in critical condition.

Stephenson said he was awakened by the screams of his wife who had been sleeping on a couch in the living room of their west side flat at 2029 Kendall street. He rushed into the room and grappled with the dwarf who had a hammer in one hand and a pistol in the other.

The see-saw struggle ranged from one end of the dark apartment to the other. Stephenson, using his fists, knocked off the burglars hat. The assailant shot him and then dropped his gun, hammer and a pair of scissors as they wrestled.

The fight raged onto the back porch and the two men tumbled down two flights of stairs into the back yard. Stephenson, weak from his wound, lost his grip and his assailant fled.

**CONVICTED FOR MURDER OF 11-YEAR-OLD NIECE**

Philadelphia, Sept. 16.—(AP)—George A. Neill, 22, today was sentenced to death in the electric chair for strangling his 11-year-old niece, Isabelle Mallon.

He was convicted Dec. 13, of persuading Isabelle to accompany him to a lot and then strangling her with his hands when she threatened to tell her parents he had made advances.

Policewomen of the London metropolitan force must resign when they marry.

## National Unity Is Warren's Plea In Campaign Talk

Salt Lake City, Utah, Sept. 16.—(AP)—Gov. Earl Warren tonight appealed to the American voter, in a "word beset by fear," not to permit political passions of the 1948 campaign to disrupt national unity or play into the hands of those "preaching the doctrine of fear."

The Republican vice presidential candidate declared Americanism and governmental principle were not the "patent" of any single political party.

The American people, "know that good Americans are to be found in both parties," he declared in a prepared address.

"They know that party affiliation does not change human instincts, or affect loyalty to country, or transcend the fold hopes of Americans for their children."

It was on a homespun note of political virtue and bipartisan national unity that the California governor opened the Republican election campaign.

**Reds In Southeast Asia Have Started Drive For Power**

Washington, Sept. 16.—(AP)—The State Department said tonight communists in southeast Asia have started a "drive for power" by pretending to champion the cause of local nationalists.

The State Department put out this statement in a discussion of events in such southeast countries as Burma, Malaya, Indonesia, and Indo-China.

Press Officer Michael McDermott of the department said that the communist strategy has "worked well" but added:

"There is some evidence that sincere nationalist leaders in southeast Asia, originally deceived by this advice, have now awakened to the fact that in communist-controlled states outside the Soviet Union, the nationalism to which they aspire is regarded as a high crime and grounds for ruthless interference in the internal affairs of such states by international communist organizations."

The State Department's report about communist activities in southeast Asia came but one day after British Foreign Secretary Ernest Bevin told parliament communists are following a plan aimed at seizing all southeast Asia.

**Illinois Phone Strike Settled; To Resume Service**

Springfield, Ill., Sept. 16.—(AP)—The month old strike of Illinois Commercial Telephone company plant workers was settled today and normal service was expected to be restored tomorrow.

A union official notified the company that a majority of the 400 strikers voted to accept an offer of 24 to 124 cents hourly wage increase. Their new scale will range from 82 cents to \$1.41 an hour.

Since the strike began Aug. 16, telephone service in Monmouth, in western Illinois, and in 27 southern Illinois communities has been curtailed to emergency calls.

Members of Springfield and West Frankfort locals of the AFL Electrical Workers union voted on the wage offer. C. A. Smith, president of the Springfield local, said the vote here was 91 to 39 in favor of the offer. He said a majority of West Frankfort local members voted for it but that he did not know the final tabulation.

Smith said the workers will return to their jobs tomorrow.

**Crippled Woman Kills Brother With Hatchet**

Greenwood, Del., Sept. 16.—(AP)—Battered with a hatchet, a 65-year-old man was found dead on a chicken farm today and state police quoted his crippled sister as saying she killed him in self defense.

He was George W. Francis, former civil engineer. The sister, Mrs. Bessie Weaver, 59, with whom he lived, was found semi-conscious on the front steps of her house suffering from scalp wounds and shock.

After being revived, said state police who will not be quoted by name, Mrs. Weaver said Francis had been acting strangely lately, that he came into her bedroom while she was still in bed and hit her with the hatchet.

The woman, who used crutches and formerly worked as a stenographer, said she struggled with Francis, finally wrested the hatchet from his hands and struck back until he collapsed with wounds in the back of the head.

Policewomen of the London metropolitan force must resign when they marry.

## Russ Jeeps Patrol Berlin Borders; Raid U. S. Sector

### Two Ships Founder In Turbulent Atlantic; Seven Men Believed Lost

New York, Sept. 16.—(AP)—The coast guard and two merchant ships teamed up today in violent seas to rescue 79 seamen from two vessels in the North Atlantic. Seven men were believed lost.

Both rescues took place within a few hours. A badly listing British freighter was contacted 750 miles east of New York while a fishing craft, wallowing in the high seas, was reached about 390 miles north-east of the freighter.

The veteran coast guard cutter Bibb removed 40 crewmen from the Portuguese fishing schooner Gaspar. One man was lost overboard from the Gaspar before rescue of the remaining men by the coast guard.

The American freighter Cecil N. Bean and the Argentine freighter Tropero took a total of 39 seamen from the sinking British freighter Leicester. Six of the freighter's men were presumed lost.

Battling the high waves and gale, 20 Leicester crewmen reached the Bean in lifeboats while 19 others, including the freighter's captain, H. N. Lawson, were taken aboard the Tropero in similar fashion.

Accounts of the rescues were given in radio messages to the coast guard here.

A coast guard spokesman said the Bibb was headed back to its base in Argentina, Newfoundland. The spokesman added that the Gaspar will be destroyed, if its captain permits, because of its menace to navigation.

Capt. Edward Serafin of Norfolk, Va., on his maiden voyage as commander of the Cecil N. Bean, reported two of his motor lifeboats smashed by towering waves. Owned by the U. S. Maritime Commission, the Bean is chartered to the Fall River Navigation Co.

Capt. Serafin said the Bean, beating through the hurricane track in ballast from England for New Orleans, saw the Leicester's distress rockets late last night.

Heaving to, the Bean stood by until dawn when the hazardous task of picking up the Leicester's men began.

At the same time the Tropero fought against the heavy running seas to a position near the Leicester. She took aboard 18 other crewmen and Capt. Lawson.

The Leicester still was considered a rich prize, free under maritime laws to be taken by any company whose men boarded her. Halifax shipping sources reported that several vessels were racing through the battering seas to take her in prize.

**Political Smears Endangering U.S. Atomic Project**

Washington, Sept. 16.—(AP)—David E. Lillenthal said today the U.S. atomic program is "in a dangerous situation" because of growing reluctance of top scientists to accept government jobs.

This reluctance is caused in part by the risk of attacks from "petty or prejudiced or malevolent sources," said the chairman of the atomic energy commission.

He added the atomic program must move forward or "go to pot." He hinted the latter might happen if the government has trouble getting top men.

"It is this that makes the present situation grave and ominous," he told the centenary meeting of the American Association for the Advancement of Science.

He did not mention specific attacks upon the loyalty of some atomic scientists, but he said:

"The possibility of public pillory, so often unjustified and beyond immediate redress, does indeed cast a shadow of fear over public service."

Informers of Lillenthal's speech, Rep. McDowell (R-Pa.), acting chairman of the House committee on un-American activities, told reporters he just did not think it was true that the committee's inquiry into alleged atomic espionage is imperiling the atomic program.

**Russia Demands U. S. Lift Strike Ban On Japanese**

Washington, Sept. 16.—(AP)—Russia today demanded that the American ban on strikes of government workers in Japan be lifted along with other "repressive measures" against labor.

The demand was made at the regular weekly meeting of the 11-nation far eastern commission, top policy-making agency for the Pacific, by Soviet Ambassador Alexander S. Panyushkin, Russia's representative to the FEC.

The strike ban was ordered by General Douglas MacArthur, allied supreme commander in Japan, on July 22 and put into effect by a Japanese government ordinance July 31.

Panyushkin charged that this violated the 1945 Potsdam declaration and existing policies of the FEC, which call for formation of trade unions in occupied Japan.

Russia has been attacking the order in Tokyo and over the Moscow radio for weeks.

**PUTS BIRTHDAY PARTY BEFORE COURT SUMMONS**

Chicago, Sept. 16.—(AP)—A Detroit, Mich., jewelry salesman got a rebuke from a federal judge today because he attended his two year old daughter's birthday party instead of appearing in court.

Arthur Swartz told Federal Judge John F. Barnes that he failed to appear when summoned yesterday as a government witness in an income tax evasion trial of a Chicago jeweler because his daughter, Sheryl, begged him to be at her party in Detroit.

**BONUS CHECKS**

Chicago, Sept. 16.—(AP)—The Illinois service recognition board yesterday mailed 2,800 soldier bonus checks totaling \$927,412. The grand total mailed so far is 700,898 checks worth \$261,613,422, including 346,688 checks mailed from Chicago, and 354,189 from Springfield.

**REPORT RUSS SHIP FIRED UPON PROVES ERRONEOUS**

Tokyo, Sept. 16.—(AP)—Flares dropped over the Liberty ship Moses Brown by two unidentified planes resulted today in an erroneous report that the Russian-chaired vessel had been fired on.

Capt. Kenneth D. Frye, skipper of the 7,16-ton freighter, radioed the ship's operators, the Shepard Lines, that the flares were dropped Saturday night in the sea of Japan, off Russia's Siberian coast.

## Action Taken After Youths Stone Soviets

Berlin, Sept. 16.—(AP)—Soviet jeeps patrolled Berlin's sector borders and made several quick incursions into American territory today after a band of youths stoned Communist-controlled police.

The jeep raids caused no trouble, though a Soviet soldier fired one shot over the head of a German thief near the American sector.

Soviet patrols were in force as West Berlin anti-communists held a funeral for a victim of the east-west cold war—a 16-year-old German youth killed in the climax to last Thursday's anti-Soviet mass meeting when Soviet Russian soldiers and their police fired into the crowds.

**Funeral Plans Changed**  
The patrols were believed to have been instituted when it was arranged to have the funeral Cortege pass near the Soviet sector. These plans, however, had been changed.

U.S. military police said the Soviet jeep manned by an officer and a soldier invaded the American sector near Potsdamerplatz but withdrew before U.S. patrols could reach the spot.

Earlier, the Soviet-controlled press reported that a crowd of about 150 Berlin youths attacked and stoned three police in the Soviet sector who were passing a black market center.

**German's Trial Adjourned**  
German City Hall officials said the Soviet trial of a German city official, Dr. Curt Mueckenberger, had been adjourned shortly after it opened yesterday because a witness failed to appear. Mueckenberger, former city coal chief, was fired by the Russians and arrested a month ago. He had insisted on taking four-power orders instead of Russian orders. The Americans have denounced his trial as illegal.

The trial appeared to be an effort to terrorize into obedience the few remaining non-communist city officials in the Soviet sector.

**Brooks Asserts GOP's Reduced National Debt**

Murphysboro, Ill., Sept. 16.—(AP)—Republican Senator C. Wayland Brooks, campaigning for reelection, said tonight that "the Republican-controlled 80th Congress handed the issue of high prices in the only equitable way possible."

In a speech prepared for delivery at Murphysboro, Brooks said "we did this through the reestablishment of credit controls, by reducing the federal debt by \$7,000,000,000 by balancing the federal budget for the first time in 16 years, by reducing new deal spendthrift budgets by \$6,000,000,000 and by cutting taxes by \$4,800,000,000."

He said this program "is distinctly anti-inflationary" and that if the Congress had followed President Truman's recommendations it would have caused additional inflation.

**Woman's Club Plans Boys Home**

Grafton, Ill., Sept. 16.—(AP)—A home for underprivileged boys will be established near Grafton by the trail rangers, a private charitable organization, it was announced today at a board meeting of the Illinois Federation of Women's clubs.

It will be located on a 50-acre tract to be leased from the state and will replace one near Michael, Ill., that was destroyed by fire.

The federation has raised \$15,000 for construction of a cottage on the site to provide quarters for 10 boys. Eventually several other cottages will be built there.

About 70 women attended the federation board meeting. Committee reports were heard and routine matters were discussed.

**DEMO IGNORES GOP DUN**

Des Moines, Sept. 16.—(AP)—State Senator Robert C. Reilly of Dubuque said today he is going to ignore a \$40 fund which state Republican headquarters sent him as his share of GOP campaign expense. Reilly is a Democrat.

**WEATHER**

The Norbury Sanatorium, cooperative observer for the U.S. Weather Bureau, yesterday reported the temperatures for Thursday as follows: high, 90; low 56; and at 7 p.m. 78.

Forecasts for Illinois—Fair Friday, continued warm.

## NEW COINS NEEDED

(From The Quincy Herald-Whig)  
When the new 12-cent fare for bus and street car rides took effect in Kansas City this week, the public service company made aprons part of the uniform its drivers were required to wear. The automatic money changers on the cars and buses had no penny barrel and the aprons were devised to speed the money-changing process. On some of the more heavily traveled lines the morning equipment of the driver was a stack of 400 pennies carried conveniently in the aprons. Tokens may be purchased by passengers but the company anticipated much "fumbling" for pennies.

There seems to be a need for new coins. What the nickel used to buy and what it will buy today represents the big shift in values. So long as the amount is just double the nickel, the dime comes in handy. But a 12-cent fare requires pennies. Perhaps the mints could produce a coin equivalent to the bit or 12 1/2 cents and at the same time make a new coin that would divide the value of the nickel and the dime. Concerns dispensing commodities have met the situation gallantly by cutting down on the size of the nickel purchase. Unfortunately, a patron cannot cut his bus ride short. He is the man for whom a new coin is needed.

## Appeal Agent, Draft Advisory Board For County Announced

Appointment of a government appeal agent and an advisory board consisting of six Jacksonville attorneys was announced Thursday by the Morgan county Selective Service board.

William T. Wilson of the law firm of Wilson & Wright has been named government appeal agent to handle affairs of registrants who appeal from decisions of the local board.

Advisory board members who will assist registrants in filling out questionnaires if help is needed are

Theodore Rammelkamp, Professional building; John Bellatti, Farmers Bank building; A. Wadsworth Applebee, Savings & Loan building; Harry G. Story, 222 West State street; A. A. Ormiston, American Bankers building, and M. Brooks Byus, 232 1/2 West State street.

The appointment of Dr. W. H. Newcomb as medical officer also was announced by Estelle E. Neff, chairman of the Morgan county selective service board.

Appointments announced Thursday were made by the local board on recommendation of the Illinois Bar Association, to promote and carry on the draft work in the county.

Sept. 18 Last Day

Chairman Neff pointed out that Sept. 18 is the final day of registration for men 18 to 25 years old, inclusive. Registration is progressing each day at the American Legion home in this city and the American Legion home at Waverly.

The local board has been advised by Paul G. Armstrong, state director of the draft, that the initial call for 527 Illinois men to be examined in October and delivered in November will mean a call of approximately 1,000 men for physical examination, or about four or five per board from the 217 boards in the state.

Salvation Army

"Rally Day" Will

Take Place Sunday

The Salvation Army will observe its annual Rally Day at the Post next Sunday, Sept. 26, with a "return to the ranks" of those who have been enjoying a summer of relaxation.

The first exercise will begin at 10 a.m., when a welcome will be extended by the Sunday School to both juniors and seniors who have been away. There will be a treat for everyone. At this time the fall youth program will officially open.

At 7:30 p.m. a special program will be held when the Rev. Archie Harris will speak. Special music will be furnished by the Mt. Emory Junior vested choir, with community singing also forming a part of the program.

Major Henri Servais will act as master of ceremonies. The public is cordially invited to attend.

U.C.T. WILL MEET FRIDAY

The first fall meeting of the United Commercial Travelers of America will be held Friday evening September 17th in the lodge hall located on East State Street. A potluck dinner will be served at 6:30 p.m. Mrs. Alvin A. Otto and committee will have charge of arrangement for the dinner.

Council 182 will be called to order by senior Councillor Bert Bishop at 8:00 p.m. Plans for the fall and holiday season will be presented.

## Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drug-gist and ask for four ounces of liquid B-nel Concentrate. Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose

bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.

## A Crop to Cultivate

America is famous for good crops. But finest of all is the bumper "crop" of 11,000,000 boys and girls growing up on our farms and ranches.

Trained teachers and leaders are helping cultivate this bumper crop. Vocational agricultural teachers in over 7,000 high schools do their part. Most of these schools have Future Farmers of America chapters. Membership of F. F. A. is 250,000. In their "outside classroom" work they receive additional on-the-job training from their vocational agricultural teachers. They learn to accept leadership responsibility. On graduation, many go directly into farm or ranch management. Others go on to agricultural college.

County agents and over 180,000 unselfish volunteer leaders do another great job through the 4-H Clubs. Through 85,000 local 4-H Clubs, more than 1,750,000 boys and girls get invaluable training. Advice, encouragement, know-how from practical experts. Their projects keep them abreast of what is new in agriculture. They learn through doing. Achievement and leadership become habits.

It is well that American agriculture has these leaders and teachers. By teaching the business and science of farming, they are helping make life on farm and ranch rich and profitable for a new generation of Americans. They are showing them the way to economic security and a good way of life. Better farm planning; power machinery; scientific modern methods; control of weeds and plant and animal pests. . . All these our farm and ranch youth are learning. In many ways they are qualifying themselves to be better managers of land and better businessmen. They are increasing their knowledge of science and selling—of machinery and markets—of costs and conservation.

Swift & Company has always been proud to encourage farm youth activities. We shall continue to do so. We have no doubt or fear for the future of America. For, properly cultivated, this crop will ripen surely into our nation's richest harvest.

## A HUNDRED CENTS MAKE A DOLLAR

Have you sometimes wished to know Where meat dollars really go?

Of each wholesale dollar spent, You get seventy-nine per cent

For your livestock, wool and hides, And all by-products besides.

Wages, operating cost a plenty, Take another even twenty.

After all the rest is spent, The packer profits just one cent.

## Livestock and Meat Prices

Livestock is marketed when it is ready. The supply of animals coming to market at any one time is controlled by your decisions as producers. These decisions may have been made months previously, depending on your breeding and feeding program. The weather—blizzards, storms and droughts—also have a bearing on when you market your animals.

Meat packers have no control over the supply of livestock.

The meat packer must sell meat and by-products for what they will bring. When people have to economize, they spend less money for meat. Consumers, retailers and meat packers reduce their bids. The prices of both meat and livestock fall accordingly. But when people make more money, they are eager to buy meat. Then buyers along the line increase their bids. And the prices of both meat and livestock rise accordingly. For each meat packer and each retail meat dealer knows that if he does not pay a little higher for the livestock or meat he wants, somebody else will—and get the business.

Thus the old law of supply and demand—plus competition in buying livestock and selling meat—forces price changes in meat to be reflected quickly all the way back to the livestock on the hoof. At all times the market price is a balance between the supply of livestock and the demand for meat.

## New Idea in Junior Feeding Projects

by T. W. Thompson

State 4-H Club Leader, Montana

Boys and girls are trying out a new kind of livestock feeding project. In several states—including Montana, Nebraska, Colorado and Indiana—people are enthusiastic about it. Here is how it works. The boy or girl buys an average lot of feeder steers or lambs, from a unit-herd or band. The number bought is usually 3 or more steers, 15 or more lambs. That depends on finances, feed supplies and equipment available.

These lots of animals are bought at a central market. They are taken home and fattened. Careful records are kept of feed costs and rates of gain. At the end of the feeding period, they are shipped back to market. They are sold on Junior Marketing Day.

Boys and girls consign their animals to commission firms of their own choice. Upon arrival the animals are penned separately, according to ownership. Each lot is graded and weighed separately. Then all animals are assembled in pens according to grade. They are sold for slaughter in the usual manner used on that market. The boys and girls profit according to the market value of their animals.

Sponsors claim the following benefits: (1) It is practical. (2) It promotes better farm feeding methods. (3) Boys and girls learn about market grades of livestock. (4) They learn about central markets and their operation. This new idea in junior feeding is not intended to take the place of feeding for show. It is a separate project, to give youngsters practical experience in feeding for market.

## Sheds Saved From Damage By Fire

Firemen were called to the J. B. Peak coal company office near the corner of East Douglas and Illinois avenues shortly before 2 o'clock Thursday afternoon to extinguish a fire which had gained considerable headway in a rubbish pile.

A line of hose was laid from the

hydrant on Illinois avenue near the Wabash track. Firemen tunneled under the Burlington track with the hose. They also used a booster line to fight the flames which endangered a number of wooden coal sheds to the south.

## GLASGOW

Glasgow—Capt. Wilbur Young, who has been visiting his parents, Mr. and Mrs. Alex Young, left Sunday by automobile for Los Angeles, Calif., where he will join his wife and twin sons, who are at present visiting relatives there. From there he will report to Ft. Stoneham, near San Francisco, before continuing with his family to Japan, where he will be stationed.

Dale Hall of Cynthia, Ky., was a guest last week in the home of Mr. and Mrs. Fred Oswald and sons. One of their sons, Albert, and Mr. Hall were buddies while serving in the Army, where the latter attained the rank of major.

The Rev. T. J. Warford and two children of Granite City were here Sunday attending the Baptist Sunday school and greeting old friends. Rev. Warford served the local Baptist church as pastor a few years ago. He and his children, and Miss Norma Nicholson of Glasgow, were dinner guests of Mr. and Mrs. Cliff Lewis.

Mr. and Mrs. Arch Howard and daughter of Carrollton, and Mrs. Howard's mother, Mrs. Eva Young of Glasgow, drove to Lewistown Sunday to view the Indian Mounds near there.

Mr. and Mrs. Harold Fernandes and his mother of Jacksonville were visitors here Sunday with Mrs. Ona Pope and Mr. and Mrs. William Ritchie.

Mrs. Cliff Lewis, in ill health the past two weeks, was able to resume her duties as local postmistress Monday morning.

Edward Cunby was in Peoria the past week visiting his daughter and family, Mr. and Mrs. Eddie Brewer and daughter, Sydney Jo.

Walter DeShara and C. E. Eltinger of the Jacksonville Journal Courier staff were Glasgow callers Monday morning.

Mrs. Arthur Schafer arrived home Friday evening after spending the past week with her husband, who is employed in culvert construction work near Chandlerville. Her husband and Alsey Smith, also employed there, returned to their work Sunday evening after spending the weekend at their homes here.

Miss Ida Lettze, who has been spending her summer vacation here with her parents, Mr. and Mrs. John F. S. Lettze, returned last week to her employment at the School for the Deaf in Jacksonville.

and distinguished by DYNAFLOW DRIVE

If you're the kind of person who likes to look behind the labels when you buy, then you're the very person for whom this brawny ROADMASTER was conceived.

We made it big not just for show, but for the very practical benefits in riding qualities to be obtained from bigness.

We gave it our huskiest power plant not simply to get impressive horsepower ratings, but to provide the brilliant action we think a fine car should have.

We mounted each wheel on its own soft, coil spring not merely out of tradition, but

because such springing lays the basis for more uniform comfort for back-seat passenger and driver alike.

We made handling light with a woman's touch in mind, provided deep, soft cushions and smart interior finish in the interests of gracious hospitality.

And finally we reserved for this, the largest and finest of all Buicks, the newest and silkiest form of power transmission.

Only Buick ROADMASTER of all cars on the road has Dynaflo Drive—only this strapping carriage, patterned for the particular

in all details, has the drive in which flowing oil replaces both the usual clutch and the familiar low-second-high gear sequence.

From such things has come a swing to ROADMASTER which makes prompt action advisable in placing a firm order. Your Buick dealer will accept yours either with or without a car to trade.

When better automobiles are built BUICK will build them.

BUICK alone has all these features • DYNAFLOW DRIVE (Roadmaster Series) • TAPER-THRU STYLING (Super and Roadmaster) • FLEX-FIT OIL RINGS • HI-POISED FIREBALL POWER • SAFETY-RIDE RIMS • ROAD-RITE BALANCE • RIGID TORQUE-TUBE • VIBRA-SHIELDED RIDE • QUADRUFLUX COIL SPRING • DUOMATIC SPARK ADVANCE • SOUND-SCORER TOP LINING (Super and Roadmaster) • TEN SMART MODELS • BODY BY FISHER

## All Puffed Up

Twenty-two-month-old Lawrence Phillips, Jr., of Springfield, Mass., has been puffing cigars for a year, but his mother doesn't think it's "cute" anymore. She's trying to wean him from the weed but says "It's worth a year of my life to put up with his screaming" when she tries to take away his cigar.

## School Board Sets Tax Levy, Adopts Budget For Year

The Jacksonville Board of Education held a public hearing at the school Tuesday evening before the members adopted the budget for the 1948-1949 school year.

The budget was slightly higher with increases of approximately \$9,000 for educational purposes and about \$3,000 more for the building and bond fund.

For the education fund the tax levy will be as in 1947-48 or \$1.20 per hundred dollars of assessed value and for the building and bond fund the levy will be 30 cents.

An additional levy of 14 cents per hundred dollars of assessed value is required for the municipal retirement fund, which is a pension fund for non-teaching employees.

Last year's levy brought in \$294,256.65 for educational purposes and \$71,856.06 for the building and bond fund. Next year's levy for educational purposes is \$303,482.64 and \$74,065.00 for the building and bond fund.

In the report of Superintendent of Schools D. R. Blodgett, he disclosed that about 65 per cent of the boys and nearly 42 per cent of the girls are entered in special high school vocational courses.

Continuing higher academic standards of Jacksonville teachers were shown in his report. At the

present time 33 of the teachers hold master degrees and 62 hold bachelor degrees.

This year's high school enrollment includes 42 students from Murrayville and 23 from Woodson.

## Recipe from MAYROSE TEST KITCHEN

TO COOK SMOKED BEEF TONGUE

Place tongue in large kettle. Cover with warm water. Bring to boiling point. Reduce heat and cook slowly according to weight until tender:

## COOKING SCHEDULE

Weight	Cooking Time
2 to 3 pounds	3 1/2 to 4 hours
3 to 4 pounds	4 to 5 hours
4 to 5 pounds	5 to 6 hours

When cool enough to handle, peel off the skin, slice and serve plain or with sauce. A 3 1/2 to 4 pound tongue will give approximately 30 slices 1/2-inch thick. Put the left-over beef tongue in the refrigerator, and serve at another meal as a delicious cold plate.

Jacksonville high school athletic field, entrances from West Walnut and West Independence avenues. Parking area entrance from West Independence.

Towels waving in the breeze as they hang to dry on the old iron railing near the Illinois college gymnasium; smoke curling upward from the chimney at the Jacksonville high school fieldhouse; they both can mean only one thing—football, one of this city's most popular sports, has returned.

Jacksonville's gridiron enthusiasts get their first taste of the fall sport tonight at the J. H. S. athletic field when Coach Bob Kraushaar's Crimsons play host to one of their oldest rivals, The Winchester Wildcats.

Neither Coach Kraushaar nor Howard Lester, the new Winchester mentor, is in a position to predict a sparkling performance tonight. But they both expect this meeting to be one of the most competitive in the age-old records of games between the two schools.

**Have Few Lettermen**  
Winchester takes the field tonight, with four 1947 lettermen, including three regulars. Jacksonton opens its home slate with two veterans, only one of whom started the majority of the 1947 contests.

Both Lester and Kraushaar admit that they have a stable full of promising youngsters. Both have indicated that they'll use them freely during 1948.

Winchester fans who journey into Morgan county to see the tilt will be getting their first glimpse of the Wildcats in action. It will be the Scott-county gang's opener.

In the experience department—as far as 1948 is concerned—Jacksonville will have a slight edge. The Crimsons have one contest under their belt, a 53-7 drubbing by Pittsfield which they would just as soon forget.

Coach Kraushaar and his assistants, Hal Wimberly and Farrell Patton, have made some changes in the Jacksonton lineup since last Friday night. Other shifts have been brought about by minor injuries to players in the first tilt.

**Back At Ends**  
Richard Gotschall and Fred Lawson, the two ends who showed up well against Pittsfield, will play those positions on offense tonight, but will probably shift in a notch, to tackle, on defense.

Two new starters will get the nod in the J.H.S. line, if Coach Kraushaar sticks to his announced picks. Jack Chapman, sophomore griddler who was impressive last week, is slated to go at right tackle. Harvey Meyer is expected to open at one guard.

Francis Bunch, a starting tackle last Friday, is in the lineup again, but this time as a guard. Bob Fanning will get the call at center, a position he filled frequently in 1947.

## Charles Ransdell Injured Thursday During IC Drills

Charles Ransdell of Franklin, a prospective starting guard for the 1948 Illinois college football team, received a fractured leg and dislocated ankle Thursday afternoon as the Blueboys went through their final hard scrimmage prior to this afternoon's "Blue" and "White" game.

Coach Al Miller of the hilltoppers announced that the intra-squad contest today has been scheduled for 2:15 p.m. (D.S.T.) and that the public is invited to attend. The fray will be staged on the I.C. practice field near the old gymnasium.

Ransdell was another in a mounting list of injuries, most of them minor. George Florence, Jacksonville guard, is out until Monday with an arm injury sustained near the end of Wednesday's drills. Gerald Lashinski, a veteran of the 1947 aggregation and a promising center, has a severe charley horse.

On the credit side of the ledger Thursday was the return of Art Wilson, Quincy quarterback. Wilson reported late after spending the summer with the Chicago Hot-Ten-Tots amateur football team. Although small, Wilson's speed and passing ability may win him a berth.

The Blueboys added a new set of plays Thursday morning, working them over in dummy scrimmages. Thursday afternoon they staged another hard scrimmage and the team snapped out of its sluggish streak to show great improvement. The new plays seemed to be exactly what the squad needed and they worked them well.

No classroom session was held last night. Additional drills are slated this morning prior to this afternoon's contest.

### Carrollton Squad Opens Schedule At White Hall

White Hall —(Special)— Carrollton and White Hall pull off the wraps on their 1948 Illinois Valley conference title contenders here Friday night at 8 p.m. (C.S.T.) in a contest which will be closely watched by other members of the circuit.

Coaches S. N. Walker of White Hall and Clarence "Buzzy" Bradley of Carrollton both have fair supplies of 1947 lettermen on the roster this year and either might be hiding a definite championship threat. Tonight's non-loop go ought to tell a great deal.

The visiting Hawks will be rated an underdog against the speedy Maroons, for Walker's outfit was impressive during 1947 and will have ten returnees.

Coach Bradley will expose a fair-sized line with a large backfield which may also have some speed. The team is in good shape for the encounter.

Listed as probable starters by the Carrollton mentor are Dale Staples and Bill Boe, co-captains, at ends; Jim Ridings and Bob Skaggs, tackles; Wayne Scroggins and Bob Hamel, guards; Darrell Ballard, center; Bob Linn, quarterback; Dick McQuire and Gale Staples, fullbacks; and Bob Brannan, fullback.

Walker's starting White Hall lineup will probably show Philip Strang and J. C. Blacketter, ends; Bill DeShazier and Truman Short, tackles; Bill Bertram and Pete Howard, guards; Shirley Anderson, center; Ronnie Milnes, quarterback; Ken Band and Dick Washburn or Bob Wyatt, halfbacks; and Bennett Roodhouse, fullback.

**Virginia Nine Beats Arenzville**  
Virginia—Meeting strong opposition in a free-hitting contest, Coach Cecil McVey's Virginia Red Heads still carried home the long end of a 10-8 score from Arenzville Tuesday afternoon.

Eddie Rogers, Virginia chucker, held Coach Jack Escoria's Raiders to 10 hits. The Virginia nine totaled 12 blows off the home hurler.

Lippert of Arenzville swatted the only homer. Roegge got a double for the hosts. All of the winners' safeties were singles.

Detroit, Sept. 16.—(AP)—Rallying from the verge of a costly double defeat, the second place New York Yankees came back to gain an even split in today's doubleheader with the Detroit Tigers, taking the nightcap 8 to 4 after losing the opener 2 to 1.

The split kept New York a game and a half behind the league-leading Boston Red Sox, who play tonight at St. Louis.

Throttled with only four hits by Freddie Hutchinson in the first game, when the Tigers beat their ace, Vic Raschi, the Yanks fell behind 3-0 in the first two innings of the second game and still trailed 4-3 as late as the seventh inning.

Then New York batting power asserted itself when a walk and two singles tied the score and Johnny Lindell slammed a two-run pinch double against the top of left field screen.

Lefty Joe Page, who relieved Allie Reynolds in the fifth and allowed just three hits the rest of the way, tripped home the last two New York runs in the eighth.

## Waverly Plays At Roodhouse Field This Afternoon

Roodhouse —(Special)— Coach Mason Campbell unveils his 1948 gridiron squad here this afternoon in a 3 o'clock (C.S.T.) football contest with the Waverly Scotties.

With only three regulars returning from his 1947 Illinois Valley conference champions, Coach Campbell has had a great deal of building to do prior to the opener. But Waverly is in much the same boat.

Roodhouse has a good start for any team in Lawrence Ballard, who gained the third all-state team of the Chicago Daily News last year. Although the Railroad line won't be especially big, the hosts will field a sizable backfield with considerable speed.

Coach Lyle King of Waverly has seen his charges in action once. With a lineup dotted with first-year men, King wasn't overly surprised when his charges dropped their home opener to Assumption last Friday night, 13-0. In fact, he was pleased with the Scotties' showing after the first few minutes as they held the visitors scoreless for the remainder of the tilt.

The loss of two veteran backfield men will handicap the Waverly eleven against Roodhouse. Delbert Mitchell was injured prior to the opener. Billy Myers' mishap is something new. Both have sprained ankles.

This afternoon's battle will be the first meeting of Roodhouse and Waverly. If they have engaged in a grid game before, it was back in the dim past.

**Waverly Starters**  
Coach King said Thursday afternoon that he'll probably start the following players: Donald Peters and Joe Fitzpatrick, ends; Bill Watret and Ernest Turner, tackles; Harlan Turner and Corner Smith, guards; Stanley Seals, center; Richard McCrady, quarterback; George Allen and John Burnell, halfbacks; and Donald Eldridge, fullback.

Coach Campbell's first team will be a mixture of the old and the new. There'll probably be two freshmen in the lineup, along with a pair of sophomores, six other lettermen and a non-veteran upperclassman.

Bob Tennihill, a 1947 backfield standout who had been shifted to the line this season, is out with a fractured arm.

Of the lettermen returning, only three were regulars last year. The probable starters: Hal Benner and Ross Copeley, ends; Ellis Stilton and Myron McClenning, tackles; Keith Landreth or Frank Tucker and James Henrickson or Lowell Coker, guards; Morris Huton, center; James Scott, quarterback; Harold Garner and Talley Myers, halfbacks; and Lawrence Ballard, fullback.

The United States Navy cost the government only \$4,000,000 a year a little more than a century ago.

## Pirates Whip Giants Whittle Braves' Lead

New York, Sept. 16.—(AP)—With an 18-hit attack against five assorted flingers, the second place Pittsburgh Pirates defeated the New York Giants 10-6 today, and cut the idle Boston Braves' first place lead to four and a half games.

Bob Chernes, prize rookie right hander from San Francisco, survived a five-run fifth inning to go the route and register his 13th triumph against four losses. He held the New Yorkers to eight hits.

His only troublesome inning was the fifth. After permitting two harmless singles through the first four frames, during which time the Bucs accumulated a 5-0 advantage, Chernes suddenly hit a wild spell, walking three straight batters after two men had been retired. Johnny Mize then cleared the bases with a looping double to right-center, and Willard Marshall followed with his 14th home run into the right field stands to tie the score.

**Line score:**  
Pittsburgh ..... 202 014 001—10  
New York ..... 000 051 000—6

**Dodgers Swamp Reds**  
Brooklyn, Sept. 16.—(AP)—The Brooklyn Dodgers somewhat rekindled their dimming pennant hopes today by defeating Cincinnati, 12-6.

It was Brooklyn's 18th win in 22 starts against the Reds this season and moved them into clear possession of third place over the idle St. Louis Cardinals. However, the Dodgers still trail the league-leading Boston Braves by five full games.

After spotting the Reds four runs in the first inning on Hank Sauer's grand slam homer, the Dodgers pounded five Cincinnati pitchers for 15 hits.

**CHICAGO ROCKETS SIGN FREITAS**  
Chicago, Sept. 16.—(AP)—The Chicago Rockets of the All-America football conference today signed Jess Freitas, 26-year-old quarterback, who formerly played at Santa Clara college and also with the San Francisco 49ers. Freitas served as understudy to Frankie Albert while with the San Francisco team. The Rockets released Charles Elliott, a left tackle, to make a place on the squad for Freitas.

THE STORY: Dying in the Indian desert, British secret agent Hilary Shenstone feels a desperate need to get back to England and to Nana Farthing, her family home. He doesn't know the house has been let and that dreamy, 17-year-old Sabrina, whom he has never met, has adopted his old room and eagerly awaits his return. Hilary does return to England and to Nana Farthing—after death. When he sees Sabrina, he realizes she is the girl he would have loved if he had lived. Hilary's room is locked after George, his brother, brings word of his death. Sabrina broods until Mrs. Piton, the housekeeper, unlocks the room again for her. Sabrina knows then that Hilary has come home.

GRADUALLY it dawned on Aunt Effie that Sabrina was using the room again, and that it must be with Mrs. Piton's consent.

For a few days she hoped she was wrong, pretended not to notice, put off bringing the matter up. One night, quite late, when Sabrina supposedly had gone to bed, she remembered that she had left her gardening shears and basket out in the dew at the edge of the border and ran out to fetch them in. As she returned to the house she saw a line of light behind the curtains of the room at the top of the house, and she made up her mind to take a firm stand. If Sabrina was up there at this hour, reading . . .

She went into the house and climbed the stairs, Bella pattering at her heels. Sabrina's room was lighted behind a closed door, but Aunt Effie passed it by and came to the second flight. There Bella balked.

"Come, Bella," Aunt Effie insisted, but Bella made odd small noises in her throat and stayed where she was.

Aunt Effie felt a little queer. The lights were certainly on, and so the door must have been unlocked. Gathering herself together, she went on up the stairs, laid her hand on the knob and opened the door.

"Sabrina?" she said uncertainly. The brightly lighted room was empty.

Hilary had had time to lay down his book and retreat to the farthest corner by the chest of drawers when he heard her coming.

Aunt Effie glanced about her unhappily for a moment, and then found the master switch near the door and pressed it. She closed the door hastily and hastily descended the stairs to the passage, where Bella welcomed her as though she had returned from the North Pole.

FOR once oblivious of the little dog, Aunt Effie went to Sabrina's door, knocked, and put her head in. Sabrina was reading in bed, and turned a smiling, innocent face towards her visitor.

"Hello, Auntie," she said. "Going to bed now?"

Aunt Effie glanced behind her into the passage and then spoke in a lowered voice.

"Sabrina—when were you in that room last?"

With only an instant's hesitation, Sabrina told the truth.

"This afternoon."

"Before dark?"

"Yes, Auntie."

"But I have just found all the lights on up there."

With only an instant's hesitation, Sabrina told the truth.

It was Jennie who answered the bell. "Please tell Mrs. Piton I want to speak to her," said Aunt Effie.

IN a few minutes the housekeeper stood before her in the lamplight, composed and inscrutable as always.

"Did you give my niece the key to that room upstairs?" Aunt Effie began, rather obliquely.

"Yes, I did. I knew it was the only way to stop her fretting."

"But you knew it was against my wishes."

"I hoped you might overlook that if you saw a change for the better in her."

"I'm afraid I can't afford to overlook it. The day Mr. Shenstone was here and I learned—learned of his brother's death," pursued Aunt Effie with difficulty.

"I decided that it would be better for the child—healthier—if she was not allowed to enter the room again. I don't feel it's natural!"

Aunt Effie was uncomfortably aware of a brief flicker in the woman's eyes. "Do you?" she insisted.

"That's hard to say," Mrs. Piton said cautiously. "It might be."

"Mrs. Piton—have you ever felt there's something—well, something strange about this house lately?"

"Most houses have something strange about them, one way or another," was all Mrs. Piton would say to that.

"Then you admit there is something! Do you know what it is?"

"It's nothing to be afraid of, I'm sure," said Mrs. Piton, and it was almost as though she had smiled.

Aunt Effie stared at her anxiously, her needlework forgotten.

"But how do you know that? What is it?"

"It might be someone who once lived in the house—and has come home again," the woman replied simply, but Aunt Effie rose from her chair with a little cry of comprehension and horror.

"The one who was killed in India! But this is awful!" cried Aunt Effie. "I must take her away at once!"
